

CERAN WR 2

Grease

Extreme pressure water resistant high temperature calcium sulfonate complex grease.

APPLICATIONS

**Multi purpose heavy duty
water resistant grease.
Industrial applications**

Recommendation

- **CERAN WR 2** is a multi purpose extreme pressure grease, formulated for the lubrication of all kinds of industrial, marine and off shore applications, operating under the most severe conditions. (water, heat, dust and other pollution).
- **CERAN WR 2** is also suitable as EP multi purpose grease, in "off road" applications where water is in frequent contact with the grease.
- Always avoid contamination of the grease by dust and/or dirt when applying. Preferably use a pneumatic pump system or cartridges.

SPECIFICATIONS

- Performances meet all Voith VN 108 requirements (soap is not lithium but calcium sulfonate complex).
- ISO 6743-9: L-XBFB 2
- DIN 51 502: KP2R -25
- Marine standard STM 310A (NATO G 460)

ADVANTAGES

**True multi purpose
High loads
Water resistant
High temperatures
Anti corrosion
No harmful substances**

- Thanks to its very sophisticated formula and performance reserves, **CERAN WR 2** meets the most stringent industrial requirements. Its range of applications is extensive, as a result it can replace and outclass numerous conventional greases.
- Excellent thermal stability. It regains its original texture after cooling to ambient temperature.
- Remarkable load resistance thanks to its naturally high extreme pressure and anti-wear properties.
- Extraordinary water resistance, no significant loss of consistency is observed even with high amounts of water entering the grease.
- Excellent anti-oxidation and anti-corrosion properties thanks to the very nature of the calcium sulfonates, also in the presence of sea water.
- **CERAN WR 2** does not contain lead, or other heavy metals considered harmful to human health and the environment.
